ENERGY SAVER

# electric

WATER HEATERS

### The Hydrojet® Total Performance System, A Self-Cleaning Device That

- Reduces Sediment Build-up
- Provides More Hot Water Faster
- Prolongs Tank Life

### Vitraglas® The World's Best Glass Tank Lining

### Heat Traps

- Creates True Dielectric Connection on Inlet & Outlet Fittings
- Potential Noise Eliminated
- Meets All Code Requirements

### Factory-Installed Dielectric Waterway Fittings

### Brass Drain Valve

### T&P Relief Valve Included

### Protective Magnesium Anode Rod

### Standard Six Year Limited Tank & Parts Warranty

## Why Should You Consider a Bradford White Electric Water Heater?

All Bradford White products are proudly made in the USA for installation only by plumbing and heating professionals – not do-it-yourselfers. With our electric models, you get optimum performance and high quality exclusive features, like the Hydrojet® Total Performance System. The Hydrojet helps reduce sediment build-up, provides better temperature mixing, saves money and energy and provides more hot water for the money! You can also order all electric models with long-life incoloy elements. Easy to install, service and maintain, Bradford White electric models are just one more reason you can...

## Count On Bradford White For Everything Hot Water™

**Ranked "Highest in Subcontractor Satisfaction among Water Heater/Boiler Manufacturers" by J.D. Power and Associates.**

Bradford White received the highest numerical score among water heater/boiler manufacturers in the proprietary J.D. Power and Associates/ McGraw-Hill Construction 2006 HVAC and Water Heater/Boiler Subcontractor Satisfaction Study™. Study based on 882 responses measuring 3 water heater/boiler manufacturers and measures opinions of subcontractors. Proprietary study results are based on experiences and perceptions of subcontractors surveyed in May through July 2006. Your experiences may vary. Visit [jdpower.com](http://jdpower.com)

# Bradford White Electric Energy Saver Water Heaters

## Upright Models

Model	Gallon Capacity	1st Hour Del. Rating
M-2-30R6DS	30	50
M-2-40S6DS	40	56
M-2-40T6DS	40	56
M-2-50S6DS	50	67
M-2-50T6DS	50	67
M-2-65R6DS	65	77
M-2-80R6DS	80	92
M-1-80R6DS	80	92
M-2-120R6DS	119	118

- M2 Upright models have 2" of Non-CFC foam insulation for greater energy conservation without the use of an insulation blanket
- The diameter of the M1-80 gallon Upright is the same as the M2-50 and M2-65 gallon models, allowing it to fit into tighter installations – a great space-saving convenience
- All Upright models feature two heating elements that can be wired for either simultaneous or non-simultaneous operation

## High Efficiency Upright Models

Model	Gallon Capacity	1st Hour Del. Rating
M-2-HE40S6DS	40	57
M-2-HE50S6DS	50	67
M-2-HE65R6DS	65	77
M-2-HE80R6DS	80	92

- All High Efficiency Upright models feature 2" of Non-CFC foam insulation providing higher Energy Factors up to 0.93
- All High Efficiency Upright models feature two heating elements that can be wired for either simultaneous or non-simultaneous operation

## Utility Models

Model	Gal. Cap.	GPH Rec. 90°F. Rise
M-1-6U6SS	6	7
M-1-10U6SS	10	7
M-1-12U6SS	12	7
M-1-12UT6SS	12	7
M-1-15U6SS	15	7
M-1-20U6SS	19	7
M-2-30U6SS	30	7

- Utility models have side connects for cold-water inlet and hot-water outlet allowing installation in tight spaces
- Six and twelve gallon Utility models offer alternative top connections

## Wall Hung Models

Model	Gallon Capacity	GPH Recovery 90°F. Rise
M-1-WH6U6SS	6	7
M-1-WH12U6SS	12	7
M-1-WH20L6SS	19	7
M-2-WH30L6SS	30	7

- These space-saving water heaters can be mounted on walls, freeing valuable floor space
- Water connections are conveniently located on the bottom of the water heater for ease of installation

## Lowboy Models

Model	Gallon Capacity	1st Hour Delivery Rating
M-1-20L6DS	19	--
M-1-30L6DS	30	47
M-2-30L6DS	30	47
M-1-40L6DS	40	58
M-2-40L6DS	40	58
M-1-50L6DS	47	67
M-2-50L6DS	47	67

- Standing at a height of less than 34", Lowboy models are ideal for installations where space is at a premium. For example, our M2-50 gallon model is approximately 2/3 the height of most "short" 50 gallon electric water heaters
- With a diameter of no more than 24", the M1 Lowboy is perfect for tight installations such as a closet or under a counter
- M2 Lowboy's 2" insulation has the same energy saving capabilities as our Upright Electric heaters and are perfect for applications where heat loss is a major concern

## New Style Heat Traps Simple, Quiet and Effective!

Bradford White now offers new style heat traps on residential electric models with 3/4" NPT top inlet and outlet water connections. These new heat traps are standard on Upright, HE Upright and Lowboy\* models.

- Creates a true dielectric connection
- Eliminates potential noise
- Meets all code requirements for heat traps

\*Retrofit heat trap kits can be ordered for M1-20L Lowboy, Utility and Wall Hung models
